National Wildlife Refuge Hunting and Fishing Regulations

2018-2019

Big Branch Marsh National Wildlife Refuge General Hunting and Fishing Regulations

The regulations listed below supplement Louisiana State hunting and fishing regulations and the general regulations governing hunting and fishing on National Wildlife Refuges set forth in Title 50, Code of Federal Regulations. All plants and wildlife are protected unless a specific Refuge hunting season allows take of wildlife under this permit. Individuals utilizing this Refuge are subject to inspection of permits, licenses, hunting equipment, bag limits, boats, vehicles and their contents by wildlife officers.

All hunters must possess a Refuge permit. This brochure, when signed and in your possession, serves as a permit for all 2018 - 2019 Refuge hunts.

The Refuge is closed from 1/2 hour after legal sunset to one-half hour before legal sunrise, except as noted otherwise.

Hunters may not enter the Refuge before 4 am and must exit no later than two hours after legal sunset for that day. Waterfowl hunting must cease by 12 noon and all decoys and blinds must be removed by 1 pm.

Refuge areas closed to public hunting are marked with "No Hunting Zone" signs and/or shown on the map attached to this brochure.

Persons possessing, transporting, or carrying firearms on National Wildlife Refuges must comply with all provisions of state and local law. Persons may only use (discharge) firearms in accordance with Refuge regulations (50 CFR 27.42 and specific refuge regulations in 50 CFR Part 32).

Hunters may erect temporary deer stands one day prior to the start of deer archery season. Hunters must remove all deer stands within one day after the archery season closes. Hunters may place only one deer stand on the Refuge. Deer stands must have owner's name, address, and phone number clearly printed on the stand. All untagged stands are subject to seizure.

All State approved archery equipment will be allowed as a legal means of take during the deer archery season.

An adult age 21 or older must supervise youth hunters during all hunts. State regulations define youth hunter age and hunter-education requirements. One adult may supervise two youths during small game hunts and migratory bird hunts, but is only allowed to supervise one youth during big game hunts. Youths must remain within normal voice contact of the adult who is supervising them. Adult guardians are responsible for ensuring that youth hunters do not engage in conduct that would constitute a violation of refuge regulations.

All hunters, except waterfowl hunters, are required to wear a minimum of a hunters orange or blaze pink cap or hat during dog season for squirrel and rabbit.

Motorized vehicles are only permitted on public roads and designated parking areas.

Specific Sport Fishing Regulations

Recreational fishing and crabbing are permitted year-round in accordance with State regulations subject to the following conditions:

Use of trotlines, limb lines, slat traps, gar sets, or alligator lines is prohibited. You may take bait with cast nets eight foot diameter or less.

Commercial fishing and shell fishing is prohibited.

Recreational fishing, crawfishing and crabbing are permitted from one-half hour before legal sunrise to one-half hour after legal sunset, except we allow night fishing, crabbing, and crawfishing from the bank and pier on Lake Road.

Only electric motors are allowed at the non-motorized boat launch located at the end of Sapsucker Road.

You must use rods and reel or pole and lines while fishing.

You must attend to any fishing, crabbing, and/or crawfishing equipment at all times.

Signs and Boundaries

Signs are useful tools in regulating the use of a public area. The wording of the signs below apply to the areas behind the signs. Pay attention to the signs, watch for boundary corners, and check your location with the maps.

This sign marks the Refuge boundary. Public entry is generally authorized. However, other refuges in the system may have different regulations concerning general entry. Always know the regulations before entering.

This sign marks an area on the Refuge designated for environmental education in which students learn about the Refuge. The area bounded by these signs is closed to hunting.

This sign means that the area is closed to all entry. Do not trespass behind this sign for any reason.
